

Here's what his clients are saying about **CHRIS SENEY**

I am a trained buyer for a hydro company but when it comes to real estate I have to say Chris Seney is an expert. He has done numerous purchases and sales for my extended family in the last few years, and we all have come to trust Chris with our real estate. He just saved us \$15K off the list price of a place we fell in love with. He just sold our house for \$5K above our list price! This is a guy I trust, he is always available, a great negotiator, and the type of person that makes the buying/selling process fun and easy.

You have done it again! I just want to say thank you for all your hard work and for the excellent outcome of selling the home in Mount Albert. You made my job as power of attorney an easy job and took all the pressure off a difficult situation and bring it to a successful conclusion. I knew you were the right person for the job and you certainly proved me right. Thanks again for a job well done.
